When booking offline, you can do so using any of the following options: Bharat Gas Booking via SMS: If you live in a Metro city or country capital, you can book by SMS. You'll need to register your mobile phone number with your local Gas Bharat G.P. distributor. Once you've signed up, you can order a cylinder by sending a G.P. to 57333. Those using Tata, Vodafone, MTNL and Idea as their service providers can send the same SMS to 52725. You will receive a confirmation SMS along with an order reference number. After your roll is delivered, you will receive an SMS confirming the shipment. Bharat Gas Order via IVRS: You can order a cylinder through the IVRS 24 X 7 facility, available throughout the country. You'll need to register your landline or mobile phone number with Bharat's local gas distributor (see above for details). You can then call your country's IVRS number and follow the instructions to order your cylinder. If you've registered your mobile phone number, you'll receive an SMS for confirmation. Bharat Gas ordering via mobile app (for Android and iPhone): Smartphone users can download Bharat A mobile app from the Play Store or the official website. To activate the order service you will need to provide your mobile phone number, distributor code and consumer number, both available on the Transparency Portal (accessible via the official website). Send the information, then you will receive an activation code. You'll need to provide a security code, which must be entered each time you use the app. This is subject to the end of the subsidy eligibility criteria. Registering with an Aadhaar card can link the Aadhaar card to your bank account and receive the subsidy directly to your account. To sign up for a subsidy, you will need to provide the following information: Aadhaar card details bank details such as bank name, IFSC/MICR code, account number and name. Registration for a GPA sub-value without an Aadhaar card If you do not have an Aadhaar card, you can submit your bank account information to your local Bharat gas distributor, who will post a certificate for it. You will also need to provide the subsidy form called PAHAL, which can be collected from the distributor or downloaded online from the official website. Bharat Gas Products Bharat Gas provides several variations of G.P.M. to accommodate any requirement, as follows: Bharat Gas Industrial Gas G.P.: Industrial G.P.M., as the name suggests, is used by manufacturing and industrial units for a variety of purposes. Some of the industries widely used in the G.P.M. include the biscuit and confectionery industry, the precision melting glass industry and glassware design, as well as the desalination of glass products. It is also widely used in the fueled industry, as well as in milling and steel industries. Bharat Gas Pipe G.P.: A more convenient option for the regular cylinder, Bharat Gas's flowing gas connections are safe, secure and eliminate the hassle of ordering a cylinder. Its ease of use and continuous gas supply, along with full assistance during installation and round-the-clock assistance make it a popular choice. Bharat Gas Automatic Gas: Bharat Gas also provides an alternative to the conventional fuel sources of gasoline and diesel. With a clean, eco-friendly fuel source, its use helps control pollution. BPCL pioneered the advancement of GEP as a fuel source, establishing several distribution stations across the country. Bharat Metal Cutting Gas: A revolutionary way of cutting metal, Bharat Metal Cutting Gas (BMCG) replaces the generally used Acetylene blend which is also expensive as well as has limitations regarding supply. BMCG is a low-cost alternative that is easy to use and provides the same quality of finished product as Acetylene. Class oi-Vipul Das GFM has many distributors of the product in the Indian market, one of which is Bharat Petroleum Corporation Limited Gas connection). Bharat Petroleum Corporation Limited allows you to apply for a new GPA gas connection online from the convenience of your home or office. Before applying all you need to do is keep a scanned copy of all necessary documents such as proof of identity, proof of address, ration card, and image (file size must be less than 500 KB for each document). If you don't have the scanned copy of all the hanel documents, you can still apply online for a GAFF connection by submitting the online request form along with the copy of the documents to your nearest distributor. Visit the e-Bharat gas portal and click the New User option under Home. Now to start the registration process you need to enter all the necessary details after registration is done you will receive SMS with your login information confirming your registration now log into your account using the generated credentials and select 'New Local Gaffe Connection' now fill out the online application form by entering all the necessary details and click 'Submit' now you need to upload your entire scanned document or otherwise you can also choose to send the same to your distributor or agency. You will now receive notifications about the status of your application online and a successful notification will be created on your registered mobile phone number after the registration process is done.
